Right hand handle

### Maintenance

Hardex Graphite

Antique Black

For continued protection of the quality finish and appearance, Fab&Fix advise routine cleaning of all our external hardware. Moving parts should also be lightly lubricated at least twice a year. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

## **Packaging**

Individually bagged with screws and care instructions. 40 handles in an outer box.

All dimensions are in mm and are nominal. Fab&Fix reserves the right to change specification without notice It is the responsibility of the window manufacturer to ensure that the finished product meets any required safety and performance specification.
